

Unofficial Kobe Beamer Theme

LaTeX Presentation in Kobe Style

Yuki Yanai

Graduate School of Law

April 18, 2015

Outline

- 1 Introduction
 - Beamer Theme for Kobe University
- 2 Basics
 - Blocks
 - Equations
- 3 Tables and Figures
 - Tables
 - Figures
- 4 Conclusion

Let's use KobeBeamer!

Kobe University's logo mark uses four colors:

- **brick** is the symbol color of the university
- **green** represents the mountain
- **blue** represents the ocean
- gray for characters

Use blocks

Block

This is a block environment.

Use blocks

Block

This is a block environment.

Example

This is an example block environment.

Use blocks

Block

This is a block environment.

Example

This is an example block environment.

Alert

This is an alert block environment.

Show equations

Probability density function of $N(\mu, \sigma^2)$:

$$f(x) = \frac{1}{\sqrt{2\pi\sigma^2}} \exp \left[-\frac{(x-\mu)^2}{2\sigma^2} \right] \quad (1)$$

PDF of Standard Normal Distribution

$$f(x) = \frac{1}{\sqrt{2\pi}} \exp \left(-\frac{x^2}{2} \right) \quad (2)$$

Show the results with Tables

Table: Estimation by OLS: Vote share (%) is the outcome

Explanatory variables	Estimates	
	Model 1	Model 2
Constant	7.91 (0.69)	-2.07 (0.72)
Experience	18.10 (1.23)	45.91 (1.58)
Expense	1.85 (0.12)	4.87 (0.16)
Experience \times Expense		-4.76 (0.21)
Observations (n)	1124	1124
Adjusted R^2	0.56	0.70

Note: Standard errors are in parentheses

Explain things with figures

Figure: Normal PDF

Pictures

Thomas Bayes

Pierre-Simon Laplace

$$p(\theta|y) = \frac{p(y|\theta)p(\theta)}{p(y)}$$

Conclusion

With \LaTeX and KobeBeamer, you can

- create awesome slides
- express **Kobe pride**

Conclusion

With \LaTeX and KobeBeamer, you can

- create awesome slides
- express **Kobe pride**

Your feedback is highly appreciated!
